

Lifting times for railway bridge

31 January 2012

Last Updated 07 February 2012

Â

The normal time for the bridge to be lifted is 8am and to remain so until all boats are through. There is a tide window for entering or leaving Spencer Dock from the Liffey - likewise when entering or leaving Grand Canal Dock. Boats entering Dublin on the Royal Canal will need to be at lock 5 the evening before a bridge lift.

Saturday 14th April (test lift with small amount of boats)

Sunday 6th May (May BH w/end,)

Sunday 3rd June (June BH w/end)

Saturday 14th July.

Saturday 18th August.

Saturday 1st September.

W.I. need to know in advance of intended travellers and Dublin Branch IWA provide an excellent support/advice service here.
